WSET

WSET

To sum up,

In Canada,
École In Vino Veritas
is the only wine business school
offering a personalized
student centric individual focus.

École In Vino Veritas is distinct in
combining academic research
with
bilingual (French & English)
WSET courses;

Through personal attention

École In Vino Veritas
builds the palate
of each and every one
of its students;
all tasting sessions
are conducted **one on one**.

Furthermore,
every student is presented with
a personalised study path and training
in line with their specific aspirations.

In combining
École In Vino Veritas
with the
International Montreal Butler Academy
we deliver quality education
in Wine Cellar Management
&
the Art of service;

our
WSET Wine curriculum consists of:
Wine Level 1
Wine Level 2
Wine Level 3

-ÉIVVStudents distribution-

80% of our students
are wine professionals,
and
20 % are
discerning individuals
who are lifestyle maximisers

(and not necessarily
attracted by a career
in the taste industries).

They are people
looking
for pleasure
and to
enhance
their lifestyle;

some see us
as a finishing school,
some are
wishing to build a cellar,
others to curate
an existing wine collection.

Needless to say that
an elegant lifestyle
becomes more pleasurable
through wine knowledge acquisition.

Our secret sauce consists of blending
British style and French Art de vivre
with an italian
Sprezzatura twist.

Richard Sagala
has been gratified
through the years
with hundreds
of written
testimonials
of appreciation;

(if interested, please read them
on the school website page).

In *Vino* Veritas!

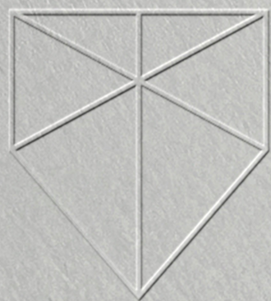

This concludes our presentation
